Letter Camp No 42 of 26<sup>th</sup> February 1896 from the Dy Commr, Hassan District.

Paper: No. 1 of the rev. file.

In August 1888, Devalda-  
-kere Sive gowda, Hoda-challi Amegowda and Joganna gowda requested the Ambar of the Mangarabad Taluk to grant them permission to lay out at their own expense a road connecting Haubal road with Margadi, Devalda-kere, Hirmande, Hoda-challi &c. In January 1889, Mr Brooke Mockett of

the Bessor Estate, Mangarabad  
Taluk, with some of the  
villagers of Hirimande'  
petitioned the Dy Commr  
on the same subject. The  
Pcty was sent to the Amilow,  
for report with particulars  
of the lands that were required  
for the proposed road.

Q. In April 1889, ~~the~~  
Amilow Ramaswamaiya  
after inspection of the course  
of the road, reported that  
the petitioners had once  
before sought permission  
to open this road, but  
the owners of some of the  
lands (Ragi fields) in the  
Hirimande' village, thro'  
which the road had been  
traced, objected; and that  
therefore a separate course  
was proposed excluding ~~the~~  
therefrom the Ragi fields  
referred to, to which Hoda-  
chahalli Amegowda and

Mr Lincoln's supporters agreed,  
and the owners of the lands  
from Haulal to Hirmande,  
intersected by the road had  
<sup>also</sup> no objection ~~to this course~~.

In the list furnished by  
the Amildar showing the  
lands thro' which the course  
of the road as proposed by  
him ran, the following  
Survey nos of the Hirmande  
village were included.

Paper no. 21

In May 1889, the  
Dy Commr informed Mr.  
Brooke Locketh thro' the  
~~Amildar~~ that permission  
had been given to the Betwars  
to open the road at their  
own cost.

\* Paper no 25

3. In Octr 1890, Mr B. Locketh  
wrote to the Amildar saying

that the route proposed by  
Anilwar Ramaswamiya  
was a circuitous one, that  
this would entail great  
cost, that as a foot path  
had already existed on the  
Survey nos 17, 18, & 19 of the  
Hirmanse village, it would  
be easier to make it into  
a cart track without  
subjecting the parties con-  
-cerned to much loss of land &  
that he would also erect  
a wire fence on both sides  
of the road to protect their  
fields. Hodachaballe Amé  
gondra represented <sup>that</sup> he \* Paper 2004  
could not open the road  
as proposed by Anilwar  
Ramaswamiya, because  
the route lay thro' uneven  
ground & he would have  
to spend more money in opening  
the road & that it was easier  
to make a road following  
the direction of the existing

foot path. But the villagers  
 of Hirimande declined to allow  
 the road to pass thro' their  
 lands. Sur nos 17, 18 & 19, but  
 said that they had no objection  
 whatever to the opening of the  
 road in the direction marked out  
 by Amildar Ramaswamiya.  
 On reporting the above  
 facts to the Dy Commr., he  
 directed the Amildar to  
 ascertain & report whether  
 Mr. B. Mockett would pay  
 compensation for the portions  
 of lands required for the  
 road & what the compen-  
 sation would amount to.  
 In reply, the Amildar sub-  
 mitted to the Dy Commr. Mr.  
 B. Mockett's letter agreeing to  
 pay fair compensation to  
 those landowners of Hirimande  
 village, thro' whose land the  
 road <sup>is proposed to be taken</sup> ~~would pass~~, and who  
 held their lands for some time  
 before the question of this -

road was started, and pointing  
out that some persons, who  
had taken up lands in the  
place where the road had  
been traced, knowing that  
the road was likely to pass  
in that direction, were  
not entitled to any compen-  
sation. The Amildar also  
reported that unless the  
actual extent of the lands  
required for the road was  
measured, the amount of  
compensation payable to  
the owners of such lands  
could not be estimated,  
and requested orders to have  
the lands measured by the  
Mojamdar. The extent of  
the lands in the Hourmande'  
& Valagahalli villages required  
for the road has been —  
measured. There are ~~two~~ two important  
sketches in the ver file. ~~one~~  
of which sketch marked A

The persons chiefly interested in the opening of this road - are Mr. B. Mockett of the Resoor Estate, Mr. Foster of the Wadige' Estate and Hodachahalli Amie fowda.

Mr. Foster wants to open a cart track from Hirimande' to his Estate at Wadige'. From the Amilkar's report it appears that this cart track forms part of the proposed road from Hanbal to Bangalore. The sketches do not show the commencing and terminating points of the road but only show the land required for the road in Hirimande' & Nalaghatta villages. The villagers of Nalaghatta do not appear to raise any objection. The villagers of Hirimande' base their objection on two grounds. Papers n. 35 & 26.

(1) If the road be opened

there's the lands in dispute,  
about 2 furlongs <sup>if it</sup> will have  
to be raised by about a yard,  
& when the river Hemavati  
overflows, this road will  
obstruct the free passage  
of water & the crops ~~will~~  
<sup>of the lands above the road</sup>  
will, consequently, ~~get spoiled~~,  
<sup>suffer while</sup>  
~~and~~ alluvial soil will  
be deposited on the lands  
below this road & ~~thereby~~  
the landowners will <sup>thereby</sup> suffer  
loss of crop.

(2) Survey nos. 17, 18 and  
19 are of small areas. If  
the road passes over these  
lands, they will become  
~~useless~~ useless & the owners  
thereof suffer loss, there  
being no other lands fit  
for ~~and~~ wet and dry culti-  
-vation.

3. From Sketch A it will  
be seen that the road pro-  
posed by Amikar Rama  
Swamaya ~~is not~~ <sup>is not</sup>

The points where the road  
begins at Hanbal is not  
shewn in any of the sketches.

The total distance of the  
proposed <sup>road</sup> is not <sup>also</sup> known.

4. From the information

now available, there

are two points for con-

sideration, viz, whether

the objection of the villagers of Hirimandé may be overruled & the road allowed to be opened thro' the lands in dispute. In that case, the occupied lands will have to be acquired under the L. A. Act as proposed by the Dy. Commr. The Dy. Commr. is in favor of Mr. B. Mockett, & says that he has personally inspected the spot.

The 2<sup>d</sup> point is whether the road may be opened in <sup>the</sup> direction pointed out by Amildar Ramaswami. Mr. B. Mockett and others object to this course on the ground that it is very intricate & costly - from the last paper in the Govt. file, it appears that the villagers ~~have~~ of Hirimandé have <sup>already</sup> opened a cart track thro' the

In the statement of lands  
proposed to be acquired,  
the Dy. Commissioner has included  
the lands of the Kalacaballi  
Village though none of the villagers  
have raised any objection to  
part with their lands.

As there is already a

17, 18 & 19 of the Hirimande Village  
and as Mr. B. Mockett is  
willing to compensate the  
occupants of ~~for the additional~~

To,

The Secretary to the  
Government of Mysore  
General and Revenue Departments  
Bangalore

Sir,

I have the honor to state  
that the lands mentioned in the  
hereto annexed are required for a  
public purpose, viz for opening a  
Road from Haubal, in the manya  
- rabad Taluk to Byrapur, in the  
Andager Taluk.

2 — The opening of the Road is  
very necessary in the interests of the  
European planting Community and  
the villagers of Haubal manyadi.  
Denaikere.

Davallere, Hirimande, Valagahalli,  
Nekarahalli, Maragunda, Ku-  
marahalli and Kodachalli  
as may be seen from the en-  
closed précis of correspondence.

3 — The objection raised by the  
occupants of Survey nos 17, 18 and  
19 of Hirimande village is unten-  
able for reasons stated in Mr.  
Brooke Mockett's letter of 9<sup>th</sup> October  
1890 in the file. I have personally  
inspected the spot and fully  
agree with Mr. Brooke Mockett  
in the line proposed which runs

Manne village  
nos 75, 79,

and 113.

stances, I request that you will  
be good enough to cause the

enclosed declaration published  
in the official Gazette. I propose  
paying Compensation from the  
Local Funds, taking the amount  
promised by Mr. Brooke Mockett  
as Contribution. —

4 — The matter of this Road  
has been pending very long owing  
chiefly to the unreasonable and  
perverse opposition of the villagers  
of Himmandi. Mr. Brooke Mockett  
and other Planters, European and  
Native, have been urging me to  
afford them facility for opening  
the Road without any further  
delay. I have the honor, therefore,  
to request that under section  
17 of the Land Acquisition Act,  
the case may be treated as an  
urgent one and that <sup>I</sup> may be  
authorized

authorised to take immediate possession of the land. There is already a footpath and a right of way. It is only proposed to widen it for carts.

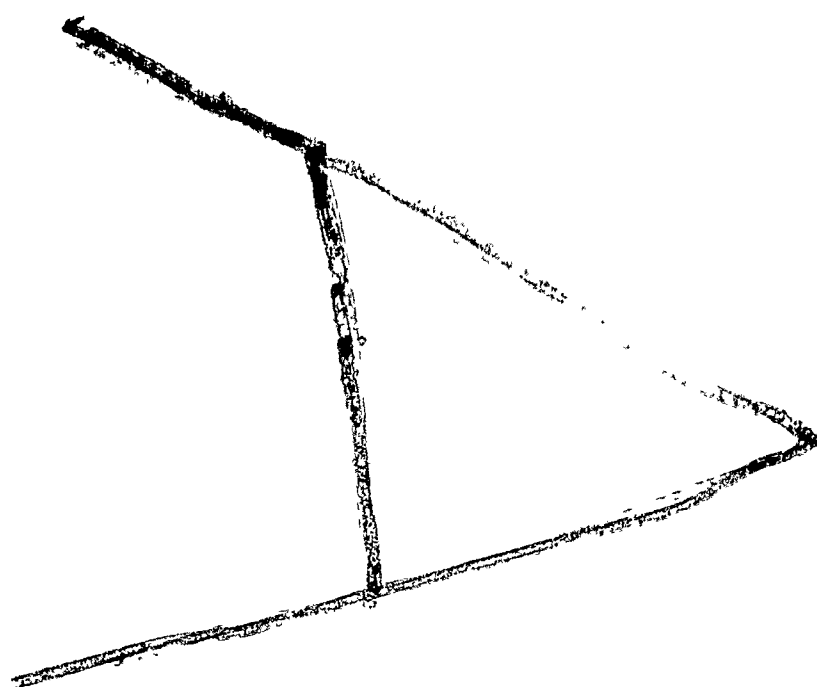

5 — The vernacular papers connected with the case ending with Manjarabad Taluk Amil-  
-dar's report No. 703 Dated 20<sup>th</sup> Instant, are herewith submitted for needful reference and obliging return.

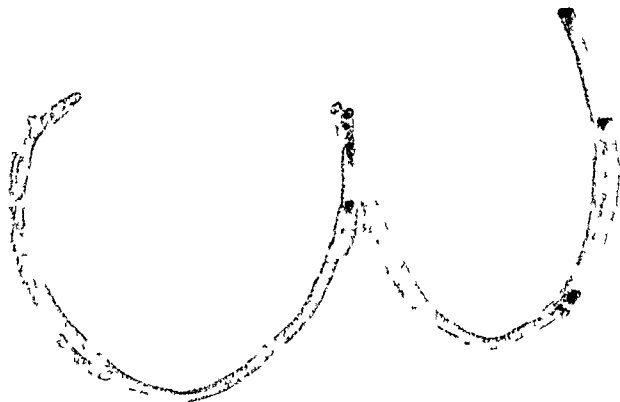

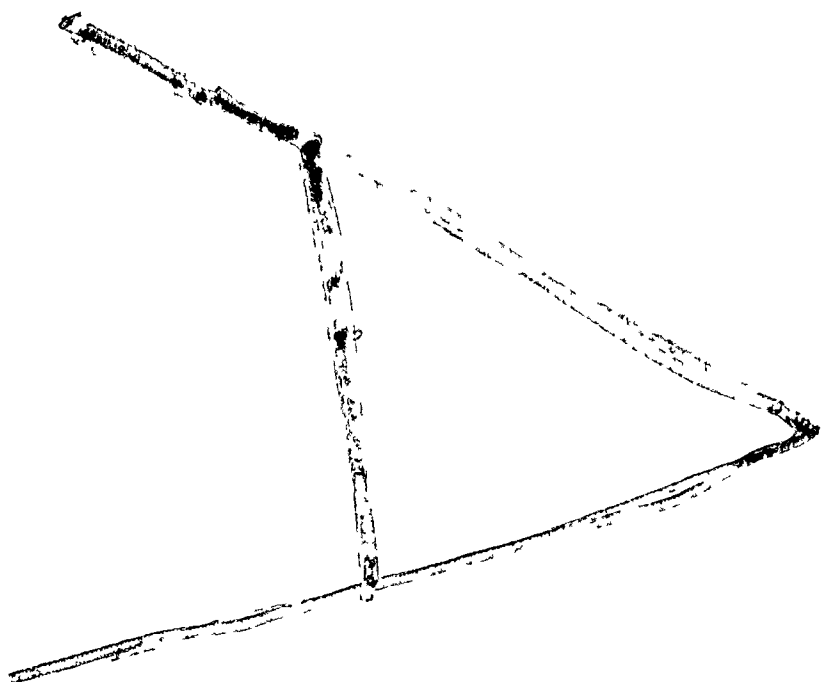

I have the honor to be,
